

T-Shirt Sizing Guide

Use this guide to determine which shirt sizes to order for your Marathon Kids participants:

STEP ONE: MEASURE

Use a measuring tape and keep it horizontal while you measure.

1. Chest: Measure around the fullest part, across chest points.
2. Waist: Measure around the narrowest part (typically the small of your back).
3. Hips: Measure around the fullest part of your hips.

STEP TWO: FIND YOUR SIZE

Use the charts below to determine size. Keep in mind that the shirts are an athletic cut which means they have a more narrow fit.

****When choosing between two sizes, remember that kids will grow during the course of the season, and it's better to have a size larger than a size too small.***
